Privacy & Newsletter Policy

1. We will collect information only as necessary for business transactions (payment information, address, phone, etc), for newsletter distribution (e-mail address), or required by our Patriot Act compliance policies (various, depending upon the transaction).
2. We will not store credit card or other payment information on our Internet web servers or even in our offices.
3. All newsletter e-mail distribution is handled by an automated double opt-in system, with an unsubscribe link available on every e-mail sent by the system. We cannot manually add anyone to the mailing list (the double-opt-in form is the only way to subscribe).
4. Likewise, all newsletter unsubscribe requests are handled instantly by the automated system. We cannot manually remove anyone from the mailing list.
5. We will not share, publish, or sell our newsletter subscriber list, client list, or other personal information, except as required by law.
